

Education is our investment in the future.

Health Recommendations for Kindergarten Students

1. The School District of Janesville recommends that all kindergarten students have a physical exam by their family health care provider before school starts in the fall. Please return a complete physical exam form from your health care provider to the school office on the first day of school.
2. The School District of Janesville recommends that all kindergarten students have a dental exam by their family dentist before school starts in the fall. Please return a completed dental form from your dentist to the school office on the first day of school.
3. The School District of Janesville is recommending that all kindergarten students have their vision checked by an optometrist or their family doctor before school starts in the fall. Please return results of this exam to the school office. If you do not have insurance or do not have insurance that will cover the vision test, the Wisconsin Optometric Association may be able to assist. Please call 1-877-435-2020 for further information.
4. Students entering kindergarten are required to provide the school with information on immunizations the child has received. Please see the noticed enclosed in this packet for further information on the immunization requirements.

If you have any questions regarding these health recommendations, please call the school office that your child will attend.
